Phoenix Cement® – Type I/II/V (LA)

Product Information Statement for LEED® New Construction (NC) 2.2 Credit Documentation

Project Name -Location: All Commercial, Industrial and Residential Projects – Southwest Region

Phoenix Cement® Type I/II/V (LA) is general, all-purpose cement for use in most general construction applications for use in concrete products meeting the requirements of ASTM C150 and C1157.

Salt River Materials Group (SRMG) certifies the following information for Phoenix Cement® Type I/II/V (LA).

Regional Materials

98% of Phoenix Cement® Type I/II/IV (LA) is extracted and manufactured at the Clarkdale Facility, located in at 3000 W. Cement Plant Road, Clarkdale, AZ, 86324 and qualifies for LEED® Credit 5.1 and 5.2 Local and Regional Materials if located within 500 miles of the project site.

Based on the above information, SRMG certifies that Phoenix Cement® Type I/II/V (LA) will contribute to the following LEED® NC Credits:

MR Credit 5.1: Regional Materials: 10% Extracted, Processed & Manufactured Regionally

MR Credit 5.2: Regional Materials: 20% Extracted, Processed & Manufactured Regionally
